The Company that Saves Lives[™]

Personal Emergency Response Services

Help when you need it.

Peace of mind when you don't.

We know that you value your independence. Link to Life provides you with the safety and security you need to live in your own home.

Our service gives you the confidence of knowing that if you need help, you can get it, 24-hours-a-day, 7-days-a-week, at the touch of a button.

At the touch of the Help Button, you can summon assistance even if you are unable to reach the phone.

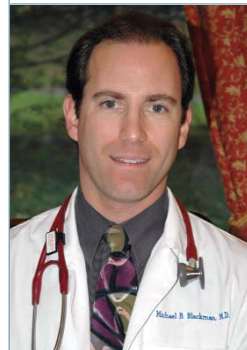

Your signal activates the Link to Life Communicator and sends a signal to our Response Center.

Within seconds our Response Team will summon the help you need, whether it's the assistance of a neighbor or relative or the help of a trained professional.

Why doctors recommend us:
Link to Life helps prevent serious medical complications.

"When you're having a medical emergency, every second counts. Link to Life helps ensure you get medical attention as quickly as possible, which can be the difference between life and death.

I highly recommend this service."

- MICHAEL B. BLACKMAN, M.D.

Studies show that receiving immediate medical attention after a fall reduces an older person's likelihood of hospitalization by 26% and death by over 82%. At the touch of a button, Link to Life can facilitate rapid intervention and the best possible care.

Call 24-hours-a-day:

1-888-337-5433

We'll get to know you before you ever need us.
We tailor our service to you.

You tell us what you want done in the event of an emergency – who to contact to provide assistance, what medical information you want relayed to your healthcare providers, your hospital and doctor preferences, and who to notify about your situation and condition.

Help when you're away from home.

Our SafeTravel Card lets you take help with you.

Link to Life's unique SafeTravel Card™ provides access to your healthcare information in the event of an emergency. When you are away from home, carry the card with you and help is only a phone call away.

Unsurpassed reliability.

When you need us, we'll be there.

Our equipment is built to the highest standards. If your electricity fails, the battery provides up to 32 hours of service and recharges automatically when power is restored. The Communicator and Help Button feature built-in self-testing and other reporting capabilities to enhance reliability.

And there's so much more...
Choose the services that are right for you.

Fire Protection

We offer a fully integrated smoke detector designed to automatically alert our Response Center. This feature is a valuable addition to your Link to Life service whether you are home and can't reach the phone or are away.

Reminder Service

We'll call to remind you to take medications, remember a doctor's appointment, or just to help keep you on schedule.

Positive Check-in

We can customize your system to provide for periodic check-in services.

Activity Monitor

Our motion sensors initiate a call for help if there is no activity in your home for a pre-determined length of time.

Remote Telephone Answering

Your Link to Life Communicator is also a hands-free speakerphone. Touch your Help Button when the phone rings and talk – you're connected!

Next Day Follow-Up

We want to know how you are and if you need any additional help after we've dispatched assistance. We can call a friend to feed your pet or the post office to hold your mail.

Flexibility

We can respond in any of 140 languages and offer a variety of adaptive devices for our Subscribers with special needs.

Your independence
is priceless

Link to Life
is affordable

Peace of mind has never been more affordable. For a modest monthly charge, Link to Life provides the safety and security you need as well as the freedom and independence you value. We offer lease or purchase options and require no long-term commitments.

"It means a lot to know that some people besides my family is concerned and cares, being the age I am."

- ANNIE, COLUMBUS, GA

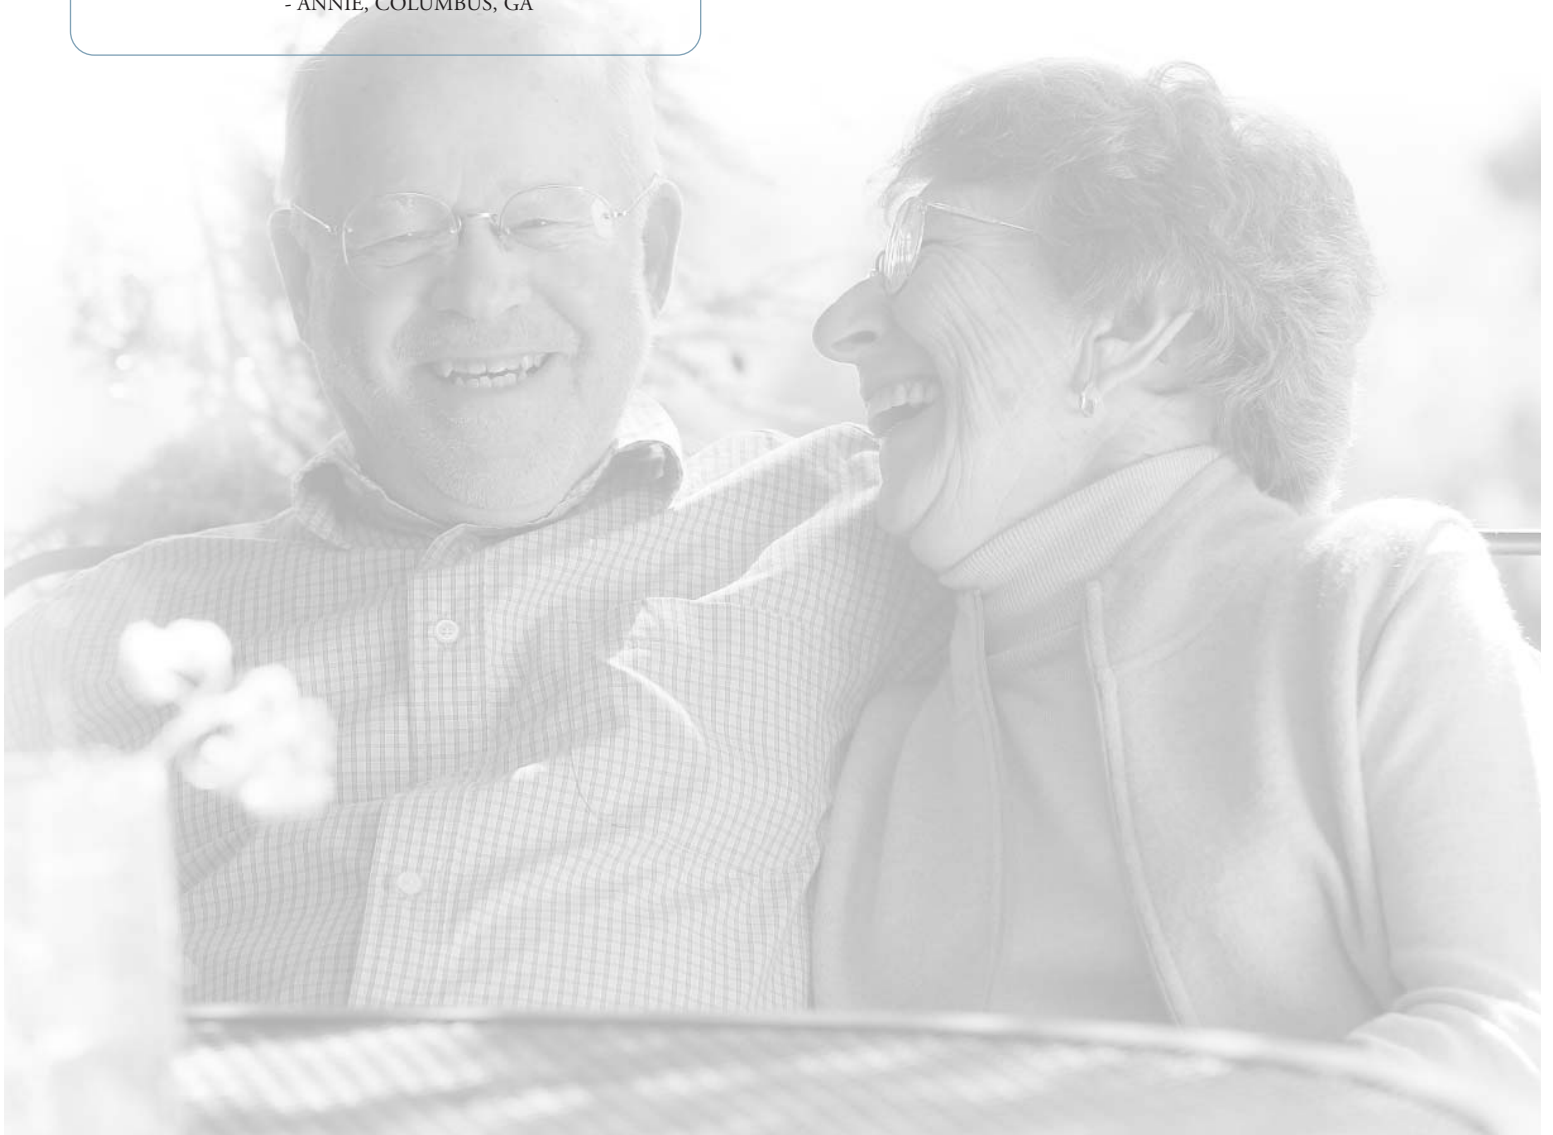

Experience the difference.
Caring service for over 26 years.
